

Reception Spring Term

Our themes for this term are:
Who is a hero to you?
and
Near and Far.

Our PE day is still Wednesday.

Look out on Tapestry for Home Learning Challenges.

Please remember to practice daily with your child's phonics book and reading book. Book changing days continue to be Monday and Thursday.

Personal, social and emotional development:

We will continue to make friends in our class and think about how to solve problems. We will have opportunities to try lots of new activities and experiences. We will learn about our Christian values in school.

Communication and Language:

We will be listening to lots of different (virtual!) visitors with different jobs. We will be listening to stories set around the world. We will be learning about following two step instructions. We will be learning to talk and work with a variety of people in our class.

Physical Development:

This term we will continue to develop our fine motor skills to help us with writing, letter formation and control. We will continue to use our large equipment with increasing control and co-ordination. We will talk about ways to keep healthy and safe and meet people (virtually!) who help us to do this.

Literacy:

We will continue to learn our letters and sounds. We will be learning tricky words! We will be using these sounds to write CVC words and put these into short sentences. We will be practicing letter formation to help us with our writing.

Maths:

We will be continuing to use numbers 1—10 and beyond to solve problems. We will be learning about capacity, mass, length and height and using these to compare. We will be revisiting 2D shapes and learning about 3D shape properties.

Understanding of the world:

We will be using the ICT suite. We will be learning about e-safety. We will be thinking about lots of different weathers and weather stories from different cultures and religions. We hope to visit Sydney Gardens as part of our ongoing learning about seasons.

Expressive arts and design:

We will be turning our role play corner into different areas such as the vets, doctors and travel agents! We will be learning about Chinese new year and making dragons and dances. We will be thinking about constructing with a purpose in mind before we start.
